IDEAS

CHRIS J. HOLDHEIDE

Coming up with an idea for your course can be a tough. That's why I created this list of 287 proven ideas.

These aren't just any ideas, these are topics that have been proven and have sold hundreds if not of thousands of dollars.

Now you have no excuse for coming up with a course idea because I've done all the hard work for you.

To be fair I'm sure there are a lot more course ideas out there that are yet to be discovered but this is a good starting place.

So, take a moment now and print this list out and circle all the ideas that interest you the most.
